

Places to park cars

There is only very limited parking space on Church Plain next to All Saints, Mattishall (ASM) and it is shared, even at that time of the day on a Sunday, with a local shop and nearby residents who park their cars there. Feel free to try to park there, though other locations may well be better.

Please note that there are very few streetlights in Mattishall and so we suggest you bring a torch, particularly if you are parking a little way away from ASM.

Please share transport where you possibly can so that the number of cars needing to find places to park is kept to a minimum.
